HOW ARE PESTICIDES REGULATED?

The Ministry of the Environment, Conservation and Parks regulates the sale, storage, use, transportation and disposal of pesticides in Ontario. Ontario regulates pesticides by placing appropriate education, licensing and/or permit requirements on their use under the [Pesticides Act](#) and *Ontario Regulation 63/09 (O. Reg. 63/09)*.

Pesticides must be registered under the federal [Pest Control Products Act](#) before they can be sold or used in Ontario. The class of pesticide determines:

- who can sell or use the pesticide products
- what restrictions are placed on its use (e.g., requires a licence and/or permit)

WHAT IS A PESTICIDE?

The *Pesticides Act* defines “pesticide” as any organism, substance or thing that is manufactured, represented, sold or used as a means of directly or indirectly controlling, preventing, destroying, mitigating, attracting or repelling any pest or altering the growth, development or characteristics of any plant life that is not a pest and includes any organism, substance or thing registered under the federal *Pest Control Products Act*.

Classification of Pesticides

There are 4 classes of pesticides set out under Ontario Regulation 63/09. They are detailed on MECP's website "[Classification of Pesticides](#)". (ontario.ca/page/classification-pesticides)

PESTICIDE LICENCES

In Ontario, you must have a licence to:

- sell pesticides (vendors)
- apply pesticides (exterminators)
- operate a business that employs people who apply pesticides commercially (operators e.g., pest control company)

1. Exterminator Licence

You need a pesticide exterminator licence to apply pesticides commercially on any property that you do not own or farm. Licences are valid for 5 years.

Types of exterminator licences

- structural exterminator
- land exterminator
- water exterminator.

Qualifications

To apply for an exterminator licence, you must:

- complete and pass an approved pesticide certification course within the last 12 months
- be physically fit
- be at least 16 years old
- have a minimum Grade 10 standing in Ontario.

2. Operator Licence

You need a pesticide operator licence, if you:

- operate your own pesticide extermination business in Ontario
- employ people who apply pesticides commercially

Operator licences expire annually on December 31. You need to renew an operator licence each year.

Qualifications

To apply for an operator licence, you must:

- be at least 18 years old
- have a valid Ontario Pesticide Exterminator Licence
- carry appropriate insurance for the pesticide business.

3. Vendor Licence

You must hold a pesticide vendor licence if you or your business sells, offers to sell, or transfers pesticides in Ontario. You need to complete a separate application for each facility. Both limited and general licences are valid for 5 years.

Types of vendor licences

The type of licence you need depends on the type of pesticides you sell:

- limited class vendor licence (for Class D & controlled sales pesticide products)
- general class vendor licence (for Class A, B, C or D pesticide products whether wholesale or retail)
- treated seed class vendor licence (for Class E neonicotinoid-treated corn or soybean seed)

PESTICIDE EXTERMINATOR CERTIFICATION

If you plan to apply for a new pesticide exterminator licence, you must first certify through Ontario Pesticide Training and Certification (OPT&C), University of Guelph Ridgetown Campus.

STEPS TO CERTIFICATION:

1. Complete the “Application for Pesticide Certification”.

Apply on-line or complete the form attached. Submit with payment of \$195.00 to OPT&C.

Apply on-line at ontariopesticide.com (if paying by VISA or MasterCard)

Mail: Ontario Pesticide Training and Certification
University of Guelph Ridgetown Campus
120 Main Street East RIDGETOWN, ON N0P 2C0

Phone: 1-888-620-9999 Monday to Friday 8:30 am to 4:30 pm

Fax: 519-674-1585, 24 hours a day, 7 days a week

Payment by phone or fax must be made with a VISA or MasterCard.

- Pick an exam date and location. Exams are scheduled at locations across Ontario, and the schedule is posted at ontariopesticide.com (or call toll free at 1-888-620-9999).
- Contact OPT&C if you have any questions. Regular office hours are Monday to Friday, 8:30 a.m. to 4:30 p.m.

2. Review the study materials that will be sent to you.

You will receive a Core Manual which contains information relevant to all exterminators and a Licence Category Specific Module which contains information relevant to the licence class you applied for.

- The certification program is designed for you to study at home. Read the study manuals and answer the practice questions at the end of each section.
- Call 1-888-620-9999 to help answer any questions you have regarding certification, licence categories or the course material.

3. Write the certification exam.

The certification exam is multiple-choice and is made up of two parts. Each part is 50 questions long. The Core Manual exam is one-hour, closed book; the Licence Category Specific Module exam is one and a half hours, open book. *(Details come with your study materials.)*

- 4. Successfully complete the certification exam** with a pass mark of 75% or greater on both the Core and Licence Category Specific Module exams. You will then receive a letter of certification. You must send a copy of this letter to MECP when you apply for an Exterminator Licence.

You must apply to MECP for your Exterminator Licence within one year of passing your certification exams. The licence fee is \$90 for five years

APPLYING FOR AN EXTERMINATOR LICENCE

To apply for a Licence with Client Services and Permissions Branch of the MECP

- Log into Public Secure to create or access your ministry account
 - Click [How to apply](#) for links and resources
- If you do not already have a ministry client account, follow the steps to [Set up a profile](#)
- Provide your employer information (if applicable)
- Provide proof of pesticide certification (for new applications only)
- Pay the application fee by credit card or debit (Visa, Mastercard or Interac Debit only)
- You will receive an email confirmation and an electronic copy of your pesticide licence

EXTERMINATOR CERTIFICATION CATEGORIES

How do I decide which exterminator certification category I need?

You require an Exterminator Licence from the MECP authorizing pesticide use according to the terms and conditions of the licence if you: apply pesticides commercially, or non-commercially on an employer’s property, and you are not a technician or trainee.

The licence you need depends on the type of pest management activity you will do; the licence category you choose corresponds to the licence you need. The following tables will help you decide which licence class you need.

Exterminator Licences - Structural

Licence	Pesticides authorized under the licence	Conditions for use
Fumigation Commodity	<ul style="list-style-type: none"> • Aluminum phosphide • Magnesium phosphide • Phosphine • A mixture of carbon dioxide and any of the following: aluminum phosphide, magnesium phosphide, or phosphine 	Use in a fumigation of a commodity or other structural extermination of pests associated with a commodity, if the commodity is enclosed in a container including a shipping container, silo, bin, vehicle or vault or under a covering that suppresses the release of gas

Licence	Pesticides authorized under the licence	Conditions for use
	<ul style="list-style-type: none"> Any other insecticide that is not a fumigant gas and that has a label that indicates use in the extermination of pests associated with the commodity being fumigated A Class C pesticide that is a fumigant gas 	
Fumigation General	<ul style="list-style-type: none"> Fumigant gases Chloropicrin 	Use in any type of fumigation
Fumigation Soil	<ul style="list-style-type: none"> Fumigant gases Chloropicrin 	Use in any of the following: <ul style="list-style-type: none"> A Fumigation of soil inside a building with gas enclosed under a covering that suppresses the release of gas A fumigation of soil that is not inside a building, with gas enclosed under a covering that suppresses the release of gas A land extermination mentioned in subsection 71 (3) of O.Reg 63/09. No use in fumigation of rodent burrows
Fumigation Vault	<ul style="list-style-type: none"> Methyl bromide Ethylene oxide Carbon dioxide 	Use in a fumigation in a vault
Greenhouse/ Interior Plant	All pesticides, including fumigants and suspensions in air, except for the following: <ul style="list-style-type: none"> fumigant gases chloropicrin termiticides 	Use in a structural extermination to control pests of plants growing inside greenhouses and other buildings or structures, including use in areas on or immediately surrounding greenhouses, buildings or structures
Structural	All pesticides, including fumigants and suspensions in air, except for the following: <ul style="list-style-type: none"> Class B pesticides that are fumigant gases chloropicrin termiticides herbicides 	<ul style="list-style-type: none"> Use in any structural extermination, except for an extermination to control pests of plants Use in a land extermination mentioned in subsection 71 (1) of O. Reg. 63/09

Licence	Pesticides authorized under the licence	Conditions for use
Termite	All termiticides, including fumigants and suspensions in air, except for the following: <ul style="list-style-type: none"> fumigant gases chloropicrin 	Use in a structural extermination to prevent or control termites

Exterminator Licences - Land

Licence	Pesticides authorized under the licence	Conditions for use
Aerial	Any pesticide that may be used by an aerial application according to the directions on the pesticide's label	Use in a land extermination performed by aerial application Use in a water extermination mentioned in section 85, O. Reg. 63/09
Agriculture	Any pesticide that is not a fumigant gas, other than a fumigant gas with a label that indicates that it contains aluminum phosphide	<ul style="list-style-type: none"> Use in a land extermination for the purposes of an agricultural operation Use in a structural extermination mentioned in section 56, O. Reg. 63/09
Industrial Vegetation	All herbicides, insecticides and fungicides, except for fumigant gases	<ul style="list-style-type: none"> Use in a land extermination to control vegetation if the extermination is performed for the benefit of a public work or to allow access to a public work Use in a structural extermination mentioned in section 57, O. Reg. 63/09 Use of pesticides in a land extermination described in section 67.2, O. Reg. 63/09 Use a land extermination for the purpose of maintaining rights of way or easements that are not related to a public work Use of insecticides and fungicides on in ground wooden poles only
Forestry	All pesticides, except for fumigant gases	Use in a land extermination for the purposes of forestry
Landscape	All pesticides, except for	Use in a land extermination to maintain

Licence	Pesticides authorized under the licence	Conditions for use
	fumigant gases	<p>ornamental plants intended for sale</p> <p>Use in a land extermination on residential, recreational, commercial or public land for one of the following uses:</p> <ul style="list-style-type: none"> • Use to maintain turf or ornamental plantings • Use on the outside of buildings or structures for the purpose of exterminating pests directly associated with turf or ornamental plantings • Use for the purpose of maintaining treed areas not exceeding one hectare in size • Use for the purpose of maintaining of rights of way or easements that are not related to a public work • Use for the destruction, prevention or control of vegetation, as authorized under section 23, 28 or 29 of O. Reg. 63/09

Exterminator Licences - Water

Licence	Pesticides authorized under the licence	Conditions for use
Aquatic Vegetation	Herbicides	Use in a water extermination
Fish/Mollusc	Pesticides labelled for use in a water extermination of fish, sea lamprey or molluscs	Use in a water extermination
Mosquito/Biting Flies	Insecticides that are labelled for use in an extermination of arthropods that bite, sting, are venomous or carry disease	<ul style="list-style-type: none"> • Use in a water extermination Use in land extermination mentioned in subsection 71 (2) of O. Reg. 63/09

Trainee

A person that is hired as an assistant to a licensed exterminator and who has not successfully completed a MECP approved pesticides safety training course and practical training from a licensed exterminator is described as a trainee. A trainee always requires direct supervision by a licensed exterminator.

Technician

A trainee that successfully completes an MECP approved pesticide safety training course within the previous 24 months and has received practical training from a licensed exterminator is referred to as a technician.

FREQUENTLY ASKED QUESTIONS

What if I am already licensed in another province?

If you are already licensed in another province or territory, you need to become licensed in Ontario before you can commercially apply pesticides in Ontario.

If you hold an exterminator or applicator licence or certificate from outside Ontario, your out-of-province licence or certificate may be considered equivalent to an Ontario exterminator licence. As such, exterminator training in Ontario may not be required.

You will be required to apply for equivalency through the ministry's online system. Refer to [Apply for an exterminator licence](#).

For more information about pesticide licence equivalency in Ontario, contact the Technical Assessment and Standards Development Branch (TASDB) at [416-327-5519](tel:416-327-5519) or by email at SDB-PesticideApproval@ontario.ca.

Note: If you have an out-of-province licence that is considered equivalent to an Ontario exterminator licence, then your Ontario licence will be pro-rated to the date that your current licence expires. [see [O. Reg. 230/18](#)]

How much does certification cost?

- Initial Licence Category (consisting of Core Manual + one Licence Category Module) - \$195.00
- Each additional Licence Category (taken within 12 months of passing Core Manual exam) - \$175.00
- Full payment **must be received** before you will be sent study material. Post-dated cheques are not accepted.
- No refunds are given. There is a \$30.00 charge for NSF cheques.
- You will receive a receipt after your payment has been processed.

What do I do when I have finished studying the manuals?

- Write the certification exam(s) you are scheduled for.

Will I get confirmation of the exam date and location I selected?

- We will send you a "Notice of Examination" to confirm your exam date, time, and location selected on your application form. If you do not receive this letter at least one week before the exam date you selected, please call 1-888-620-9999.
- If your first choice is full or closed when your application is processed, you will be scheduled for your second choice. We will contact you if none of your exam choices are available.
- Check the information on the "Notice of Examination" carefully. Make sure that your personal information on the letter is correct and that it shows the correct Licence Category. If there is an error on this letter, call 1-888-620-9999 immediately.

You must give the "Notice of Examination" to the invigilator at the exam location to be permitted to write the exam. If you do not present your "Notice of Examination", you will not be allowed to write.

What do I need to pass the exam?

- You must write and obtain a grade of 75% or more on both the Core Manual Exam and Licence Category Specific Module Exam to obtain Licence Category certification.
- If you fail on your first exam attempt, you have 12 months after your initial exam attempt to rewrite the exam. You can rewrite twice, if necessary, during the 12 months. You can only attempt the exam twice in any six-month period. The exam rewrite fee is \$75.00.
- If necessary after three attempts, you can reapply as a new applicant one year after your initial exam attempt.

When will I get my results?

- Your exam results will be sent from OPT&C within 10 working days of your exam date.
- Exam results cannot be released by telephone.
- If you have passed, you must forward a copy of the certification letter with your completed licensing application to the MECP to obtain your Pesticide Licence.

Can I reschedule or cancel my exam time?

- You may reschedule an exam time without a penalty, **only once**. No refunds will be given. You must notify Ontario Pesticide Training and Certification at least 48 hours before your scheduled exam time. If you need to reschedule after rescheduling once, you are required to pay a **Rescheduling Fee of \$75.00** to write your exam(s).
- If you do not write at your scheduled exam time and you have not notified OPT&C, you will forfeit your full certification fee. You will be required to reapply as a new applicant (pay \$195.00) to be eligible for a new exam date.
- Ontario Pesticide Training and Certification may cancel an exam due to weather conditions or other difficulties. This exam will be rescheduled without penalty and we will notify you of the new arrangements.

What other things do I need to know about certification?

- Certification is open to anyone, however to apply for an exterminator licence with MECP you must be over 16 years of age, with Grade 10 standing or equivalent.
- If you have any special needs, please make them known when you apply.
- Proficiency in English or French language skills are required to successfully complete the home study program and exam.
- Make a note of your applicant number. To ensure a prompt response to your inquiries, quote this number when you contact Ontario Pesticide Training and Certification.

HOW DO I FILL OUT THE APPLICATION FORM?

You can also [apply on-line](http://ontariopesticide.com) (ontariopesticide.com) if you are paying by VISA or MasterCard)

Section 1: Personal and Company Information

- Print clearly in ink, in the boxed areas where requested.
- **Make sure the form is completely filled in or your application will not be processed.**
- Check whether the study material and correspondence should be sent to your home or company address.

Your study material (i.e. Core and Licence Category Specific Manuals) will be sent to you by courier. Please make sure you are entering a street address where delivery can be made during the day, as well as a box number or rural route if applicable.

- Check whether correspondence should be in English or French.

Section 2(a): Initial Extermination Certification being applied for

- Check one box for your initial application fee of \$195.00 (includes Core Manual, one Licence Category Specific Module and exams).
- If you want to get more than one licence, you may apply for additional Licence Categories by checking more than one box. The fee is \$175.00 per additional category.

Section 2(b): Additional Exterminator Certification being applied for

- If you have passed your Core Manual exam in the past 12 months, you can apply for additional Licence Categories.
- Indicate which additional Licence Category you are applying for in this space.

Section 3: Exam Information

- Select your first and second choice of exam location/date from the exam schedule. An exam schedule is available at ontariopesticide.com or toll free at 1-888-620-9999.
- Remember, you must attempt the exam within 12 months of your date of application.

Section 4: Confidentiality

- Sign and date the application form to verify that the information you have given is true and correct.

Section 5: Payment

- Enter the total amount you are remitting. Mark your method of payment.
- If you choose to use a Visa or MasterCard, accurately fill in your card number, expiry date, CVV Code # and the name on the card.
- Make cheques and money orders payable to "University of Guelph."
- Applications received without payment will not be processed.

Application for Pesticide Certification

Ontario Pesticide Training and Certification

University of Guelph Ridgetown Campus

General Information: 1-888-620-9999 (519-674-1575)

Fax: 519-674-1585

Email: rcoptc@uoguelph.ca

Section 1 - Personal and Company Information (print clearly in ink)

Name of Applicant (First, Middle, Last): _____

Date of Birth (Month/Day/Year): _____

Home Address (#, Street, Apt. /Unit): _____

City/Town: _____ Prov. _____ Postal Code _____

Home Telephone: _____ Home Fax: _____

Home Email Address: _____ Company Email Address _____

Company Name: _____

Company Address (#, Street, Apt. /Unit): _____

City/Town: _____ Prov: _____ Postal Code: _____

Address all correspondence in English French . (Choose One)

Section 2a - Initial Exterminator Certification being applied for:

Please check one box below for your initial application fee of \$195.00 (includes Core Manual & one Licence category). You may also apply for additional Licence Categories by checking additional boxes. The fee is \$175.00 for each additional category and exam, and does not include the Core Manual.

- | Land | Water | Structural | Limited |
|--|--|--|---|
| <input type="checkbox"/> Landscape | <input type="checkbox"/> Aquatic Vegetation | <input type="checkbox"/> Structural | <input type="checkbox"/> Fumigation-Commodity |
| <input type="checkbox"/> Forestry | <input type="checkbox"/> Mosquito-Biting Flies | <input type="checkbox"/> Greenhouse/Interior Plant | <input type="checkbox"/> Fumigation-Soil |
| <input type="checkbox"/> Industrial Vegetation | <input type="checkbox"/> Fish-Mollusc | <input type="checkbox"/> Termite | <input type="checkbox"/> Fumigation-Vault |
| <input type="checkbox"/> Aerial | | <input type="checkbox"/> Fumigation-General | |
| <input type="checkbox"/> Agriculture | | | |

Section 2b - Additional Exterminator Certification being applied for:

If you have passed your Core Manual Exam within the past 12 months, you can apply for additional Licence Categories. Please indicate below which additional category(s) you are applying for. You must write the additional category exam within 12 months of the date you passed the Core Manual exam. The fee for each additional category is \$175.00.

Additional Licence Category (specify from list above): _____

Section 3 - Exam Information

Please fill in your exam choices below. You must write the exam within 12 months of your date of application.

Location:

1st Choice: _____ Date: _____

2nd Choice: _____ Date: _____

If your first choice is not available, you will be scheduled into your second choice. We will notify you which location you are scheduled to write at no later than one week prior to the exam date.

Section 4 - Confidentiality

Personal information contained on this form is collected under the authority of the Pesticides Act. It will be used to register participants in the Ontario Pesticide Training and Certification program, issue certificates and provide information updates. The Ministry of the Environment and Climate Change will use the information to monitor compliance of requirements under the Pesticides Act and verify certification. Questions about this collection should be directed to Ontario Pesticide Training and Certification, University of Guelph Ridgetown Campus, 1-888-620-9999 or (519) 674-1575. I certify that the information given on this form is true and correct.
